## Report of the Principal of the Academic Year 2023-2024

It is my privilege to present a brief report before you about the functioning of this institution during the academic year 2023-24.

Since the establishment in 1995 , this college used to maintain its quality in academic activities and it continues to hold that achievements till this period. The sanctioned strength of 100 students in a batch , with five optional subjects as Arabic , English , Natural Science , Physical Science and Social Science with 20 seats each , we could able to keep the strength till the end of the course .Academic performance of the students who completed BEd is very specific to mention here , they kept 100 percentage result in BEd examinations with more than 75 % of students got score above distinctions. We completed all BEd related activities on time with clear cut planning , based on academic calendar . The Practice teaching experience also quite remarkable , school authorities expressed their satisfaction on students performance as very creative and innovative one.

External Practical board members , who assessed our students performance in teaching , expressed their fullest satisfaction on it and remarked that it is very unique and satisfactory. We used to keep a democratic , familial climate in our institution .We have full fledged faculty members in our institution , 16 well qualified and experienced teachers who used to work here as a team . Students got exposure on all aspects of teacher education during this period , we could able to provide on site support to them through various means like workshops , seminars , field visits , school experience activities , etc . Institutional achievements in other fields during this academic year is very briefly explained here and it is as follows.
